

Rogue River Shuttle Routes - Foster Bar to Galice

Foster Bar to Galice

Highway 199 and 101 are recommended for travel trailers, motor homes, semi-trailer trucks, oversized vehicles and all winter travel. Winter travel is November through May.

The first three routes described below, are *not recommended* for trailers, motor homes, semi-trailer trucks, oversized vehicles and all winter travel. These roads are narrow and winding, through the mountains. Some sections are paved and others are graveled. Most sections are one-lane with blind curves and turnouts. Always look ahead, as slides, rocks, other shuttle vehicles and logging trucks may be encountered. There are no gas stations or services along the first three routes so be prepared with a full tank of gas and plenty of water.
